## **Mery Sennett, M.S., M.A.**

### **Biography**

Mery Sennett is the president of Ideal Safety Communication, Inc. She is a nationally recognized bilingual OSHA trainer/consultant. Mery is a bridge where safety and communication meet. Her business helps companies with bilingual workplace safety and consulting (English/Spanish).

She is an authorized Outreach OSHA Trainer for general industry, with more than 24 years of experience in Occupational Health and Safety. She holds Master of Science in Organic Chemistry, Master of Arts in Curriculum & Instruction, and has taken many classes toward a management and organizational behavior degree. She has taken many safety related topics.

Mery has extensive experience working in manufacturing, service, and contract research and development environments. She has created and developed effective solutions to business in workplace safety and health compliance. Her experience ranges from creating compliance safety teams, safety and environmental manuals to implementing and delivering training. She has trained over 4,000 people of different backgrounds. Mery brings to the business her educational background, experience, and background in industry.

She is a Professional member of the American Society of Safety Professionals (ASSP), and received the Safety Professional of the Year (SPY) Award from the Three Rivers Chapter, ASSP. Mery is active in her Chapter, having served as President, and volunteers for community organizations.
